SUBJECT:— Supply of provisions to the Muzrai institutions under the Palace Controller's management.

LAST REFERENCE.

Letter No. 23 dated 18th Aug/03 form the Palace Controller, Mysore.

In his letter No. 62 dated 6th March 1902, the Palace Controller reported regarding the supply of provisions to the religious and charitable institutions under his management as follows:—

"The method of monthly

"Contracts and purchase
"of Sundries for ready
"Cash has been tried since,
"and has not yielded
"the Success that was
"hoped for. Not only
"do the fluctuating
"prices of Commodities
"in the different months
"react injuriously on
"the Nursing Dept., but
"it also requires a
"higher order of morale
"than is usually found
"among the Scantily
"paid Subordinate
"Officials to keep and
"deal correctly with
"Govt. money.
"Two of the Dharma
"Devatas, who are the
"only active individuals
"in the matter have

"record their sincere
"to the effect
"that the annual system
"of contracts should
"be reverted to in future"

Agreeably to the
above, the Palace Controller
proposed in his letter
under reference that
the supply of articles
required for the temples
and theatres under
his management might
be based annually to
a respectable contractor
and stated that it
would be advantageous
to select such a Contractor from among
the Palace Motikhana
Contractors.

The above proposal
of the Palace Controller
was sanctioned for
one year and he was
required to report

at the end of that period
as to the financial result.

With reference to the
above order of Govt., the
Palace Controller now ※ his letter No 23
reports that the annual of 18. 8. 03.
Contract System here
worked very satisfactorily.
as to the financial
results due to the changes,
the Palace Controller
says in para 2 of his ※ Do — Do —
letter as follows: —

"From the enclosed
"Statements, it will be
"seen that about thirty
"articles in most requisition
"for daily consumption
"have been taken for Com-
"parison. The total cost of
"these at the annual Con-
"tract rate of last year
"and the monthly Contract
"rates of the two previous
"years amounts to Rs 18,292 - 4 - 10, Rs 20,702 - 15 - 10

and

"and Rs 18989-0-0 -H
"respectively, there by
"Saving Rs 2410-11-0
"and Rs 405-1-9, res
"pectively".

The Palace Comptroller
adds that these results
being so satisfactory,
the same system has
been sanctioned by
H.H. the Maharaja
to be continued in
1903-04 and that
the Motikhana
Contractor Bajjanna
has accordingly been
given the contract
for the above term.

Chamundeswari temples a report was called for in January last as to how the foregoing grants may be merged into the Jasdik allotments of the respective Institutions. ~~The report not having been received, the~~ ~~[illegible] Please see [illegible] as regards the~~ ~~framing and issue of revised Jasdiks for the several Institutions have been delayed.~~

Under the orders contained in Government Proceedings of the 6th April 1899, the amount of Jasdik grant to be drawn from the Treasury during a month should be only so much as will be required for actual expenditure during the month according to the Jasdik allotment But I have not been able to draw up revised Jasdik Patties as your report to referred to above have not yet been received. An ad interim arrangement has therefore to be made with

reference to the amount to be drawn for [illegible] for expenditure in the month. I am therefore to request that you will be so good as to transmit at once to this Office an Institutional Statement shewing the amounts payable on account of each expenditure incurred last month. This Statement will be passed on to the Comptroller with instructions to place the amount at your disposal.

As the matter is very urgent, I send again my Office Manager to help your Office in the compilation of the necessary accounts and Statements, and I request you will kindly expedite the work so that the Statements may reach this Office on Wednesday next at the latest.

(Here begins the Para written on the next leaf).

In conclusion I am to enquire if the advances referred to in the Government order of the 6th April 1899 have all been

finally adjusted, and if so, to request to be furnished with a statement shewing the actual savings at the credit of the several Institutions on the 30th June 1879.

Yours very Sincerely

(Penultimate Para)

Re the purchase of ~~Straw~~ rice and other articles required for the Muzrai Institutions, orders have been issued to the Mysore Deputy Commissioner directing the discontinuance of the contract system and the purchase of all provisions for ready cash; and accordingly the Jasdik allotment is drawn in advance at the beginning of the month. Don't you think that the same system may be adopted in respect of Muzrai Institutions under your management? One trustworthy and responsible Ofícial assisted by one or two Dharmadarsees may be entrusted with the task of purchasing the articles required for all the Institutions for ready cash at the beginning of the month. The articles so purchased may be issued at once to the several Institutions to be stored therein and appropriated for daily expenditure according to the Sanctioned Scale.

Sir,

I have the honor to reply to your letter
letter no: 142 dated 4th August 1900 as follows.

2 In supercession of the system hitherto
in vogue, your Rukkani no: 642 dated 12th Feb-
-ruary 1900 laid down a new Course, according
to which a monthly Contract is accepted for
the supply of the Commodities required for
the Inam institutions under the Palace manage
-ment. Tenders are invited about the 25th of
the month before, and the lowest bid is accept
-ed, and the Contractor is paid at the end

of—

of his time, after the receipt of the articles is completed and certified by the departmental heads

3. Cash purchases require in my opinion a continuity of honest and trustworthy officials and disinterested and self-sacrificing Dharma dayis, who are willing to devote their time to public work for nothing. I am not sure that this can always be ensured.
